

Guardian consent & *authorization*

Participation, travel, emergency medical, and media — with an overnight-trip addendum.

PLEASE READ

This is a working draft. It is not legal advice. Before it's relied on, the consent and medical-authorization language needs review by a professional for Illinois enforceability, and the committee will confirm what the LLC's insurer requires.

La Familia Community Scholarship is the committee of adults your child already knows from the gym — first responders, tradesmen, and professionals who've been mentoring young men there for years. We're formalizing what we do so it's safe, transparent, and easy for you to be part of. Questions before signing — please call. We're at the gym every Thursday.

COMMITTEE NOTE — NOT PART OF WHAT THE GUARDIAN SIGNS

Before the trip is committed: confirm directly with the LLC's insurer whether youth activities and overnight travel are covered, and what they require. A phone call, not an assumption.
